

# Charlotte Regional Transportation Planning Organization 2040 MTP Highway Project Ranking Committee

## OVERVIEW

The MTP Advisory Committee has recommended that the TCC and MPO approve a two-tiered project ranking criteria, to be used to rank candidate highway projects for the 2040 LRTP. The purpose of the ranking committee is to participate in the evaluation of candidate projects throughout the ranking process. It is important that a designated group of individuals participate throughout the ranking process in order to provide consistency, especially as it relates to the Tier 2 ranking. Some of the tasks of the committee include, but are not limited to:

- Evaluating the Tier 1 project ranking results;
- Participating in the Tier 2 project ranking process;
- Consideration of fiscal constraint and its impact on horizon year scenarios;
- Making recommendations to the Advisory Committee and TCC.

## RANKING COMMITTEE MEMBERS

Listed below are the individuals identified to serve as ranking committee members:

<b>LRTP Ranking Committee Membership</b>		
<b>Name</b>	<b>Agency</b>	<b>Email</b>
Neil Burke	Mooresville	<a href="mailto:nburke@ci.mooresville.nc.us">nburke@ci.mooresville.nc.us</a>
