CRTPO Traffic Data Request Form (FY 2021)

Municipality: _____

Project Name or Location: _____

Contact information (first and last name, Phone, email):

_____

Date: _____

Q1. Description and justification for how the data will be used:

Capital improvement project planning

Q2. Select the type(s) of traffic data you are requesting:

- ☑ Vehicular Turning Movement counts **only** (no pedestrian counts)
- ☑ Pedestrian counts
- ☐ Mid-block counts (TCDS)
- ☐ Vehicular volume / speed / classification
- ☐ Vehicular gap
- ☐ Pedestrian corridor crossing
- ☐ Drone video footage

Q3. Provide detailed information about the requested traffic data (*Explain/clarify the type of data that will be expected from the previous question*):

Peak hour and 16 hour turning movement counts, and vehicle classification

Q4. Provide intersection or road name and approximate address (include a map with coordinates):

Intersection of Hwy NC160 and Hwy NC49
Coordinates: 35°06'09.9"N 80°59'19.2"W
(in lieu of creating a map, you can insert a link from Google maps:
https://goo.gl/maps/JB8LqPADDZuFbn1c6)

Q5. Provide a month or time of when the traffic data should be obtained (or include any limitations):

Standard AM and PM peak hours, wait until opening of new shopping center on Nov 1

Q6. If applicable, select the direction of the roadway or data will be collected:

✓ Both Directions   ☐ Northbound   ☐ Southbound
☐ Eastbound   ☐ Westbound

Q7. If applicable, provide count duration:

3 hour AM and PM or 16 hour

Q8. State any special requests regarding the data collection process or format of the data that would assist with the successful of the project:

Please submit data in excel and GIS shapefile.

Q9. If this project is selected, I acknowledge and confirm that my jurisdiction/agency will supply the required 20% match to the federal funds supporting this project.

☑ Confirm
